

NO HOPE FOR PEACE

David Hill Shatters the Expected Harmony

REFUSES TO PLAY WITH GROVER

His Departure Spoils the Plans of the Managers to Show Him and Cleveland Together.

New York, Oct. 3.—Senator Dave Hill has a great deal of black paint over the masterpiece drawn by the practiced hand of W. C. Whitney depicting the ideal of harmony in the democratic party, and there is no through the length and breadth of the democratic camp today. It is the senator's way of doing things, of course, and he may not be so much to blame as most folks imagine, and he will probably have a logical excuse for his act of vandalism that will explain away all suspicion. Grover Cleveland, in his rooms at the Victoria Hotel, second by his friend and adviser, gazed upon the ruined picture with despair, because only a few days ago he thought it safe from rupture. Senator Dave doesn't gaze at it because he's too far away. And that's why he isn't mourning very much, although he was one of the models from which it was drawn.

Great Expectations. This picture wasn't quite complete, but the finishing touches were to have been put on tomorrow, and all the models—Grover Cleveland, Dave Hill, Dick Croker, Lawrence Godkin, W. R. Grace, Isaac Pusey Gray and some other famous persons—were to have mounted the dais in Mr. Whitney's atelier and posed in loving relation while 3,000 or 4,000 democrats from everywhere looked on in reverent adoration as the skilled brush of the great painter reproduced the spectacle on canvas that was to be immortal. Now the painting won't be painted. Because why, the principal model won't be there. The pity, but it's true just the same.

Senator Hill's Flight. The circumstances of Senator Dave's flight from New York last night to seek the seclusion of his new home in Albany, on the eve of the greatest democratic demonstration of the year, during which he was expected to preside, for the whole nation in the masterpiece of harmony, were as sensational as they could be. Only two days ago he is said to have promised to remain over and perhaps make a speech to the convention of democratic clubs. Mr. Cleveland was expected to speak at the same time, and the two or three thousand democrats who are coming to attend the love feast looked forward with pleasurable anticipation to the consummation of all democratic hopes of seeing New York's two greatest men on the same platform and to hear him saying affectionate things about each other. However these things may be, certain it is that Mr. Cleveland and Mr. Hill will not be seen on the same platform, at least not this week.

GENERAL WEAVER'S INDIGNATION. Says the Accounts of His Treatment in the South Were Not Overdrawn.

Richmond, Va., Oct. 3.—General Weaver, candidate of the "people's party" for president, and to a great extent in response to a question asked about his reception in the south. "My reception was excellent with the exception of Georgia and Greensboro, N. C. In Georgia the scenes were very disgraceful and the correction sent out by the chairman of the democratic committee is a waste of the truth. The statement first sent out is correct and was without coloring. To-morrow indignation meetings have been held in various places in Georgia. The country people and ex-confederates are out to blame for the conduct in Georgia, but the organized 'hoosiers' and it is confined to the cities. The episode in Greensboro was occasioned by young toughs of the town and is not due in any way to good people.

General Weaver spoke in optimistic terms of the prospects of carrying several southern states, if an honest election could be secured, which was the greatest trouble. He said Alabama was absolutely certain. He also said that if an honest election was not secured, the country would know the reason why and where to fix the blame.

DEMOCRATIC LEAGUES.

The New York State League Meets, Listens and Adjoins.

New York, Oct. 3.—The preliminary meeting of the state democratic league club of New York, which was to have taken place in Chickering hall at noon today, was delayed by a misunderstanding as to the renting of the hall. At 1 o'clock the program was opened by John Boyd Thatcher, president of the league, who, in his address, spoke of the devotion of the democrats to the constitution. The platform, a rambling reiteration of democratic platitudes, was then read and adopted unanimously.

After brief speeches had been made by Charles E. Brown, president of the Young Men's Afro-American league, and State Senator John J. Linton, the committee on credentials reported. The report was unanimously adopted. The Hon. Amos J. Cummings was the most speaker and his speech was well received.

The convention then proceeded to the election of officers for the ensuing year. Barlow S. Weeks placed the name of John Boyd Thatcher of Albany in nomination as president of the Democratic State League of Clubs in the state of New York. The nomination was received with applause and his election was made by acclamation. John H. V. Arnold was elected by acclamation as first vice president; Edmund Stanton, New York secretary; Frank E. Johnson of Brooklyn, assistant secretary, and the Hon. Perry Belmont, treasurer. Eleven delegates to attend the National League of Democratic Clubs was next elected.

FOR THE COLUMBIAN NAVAL DISPLAY But Few Invitations Issued to Other Nations Accepted.

Washington, Oct. 3.—The invitations which the United States government sent out some time ago to all the maritime nations to participate in the great display at Hampton roads next spring commemorating the discovery of America, have not been

answered with the degree of promptness expected. So far only one nation—Great Britain—has given a positive promise to participate and only two others have acknowledged the receipt of the invitations. Mexico has sent a note of thanks for the invitation, but her government regrets that it has no vessel available to send to the demonstration. France has acknowledged the receipt of the invitation but does not signify whether or not it will be accepted. These, from Great Britain, France and Mexico were received at the state department and sent by the secretary of state to the navy department which will have charge of the arrangements.

CLEVELAND ON A BUST. Prepared a Speech, Sat as a Model and Received Callers Yesterday.

New York, Oct. 3.—Mr. Cleveland devoted the day more to social than to political duties, although he spent some time in the preparation of the address he is to deliver tomorrow at the national convention of democratic clubs. He also gave another sitting to Miss Beveridge, the artist, who is modeling a bust to be reproduced in marble later on. Several delegates called to pay their respects, among them one from Montana, headed by Hon. Martin Maginnis; also the Waterson club of Louisville. Other callers were: U. S. Senator Gray of Delaware, Joseph J. O'Donoghue, Col. John R. Fellows, Charles J. Candee, H. H. Clayton, national committee men from Alabama, Judge George B. Bradley and Walter S. Hicks of Ann Arbor.

TROOPS ORDERED WEST

To Keep the Peace Among Disaffected Indians.

WASHINGTON, Oct. 3.—The war department has been requested to send a detachment of troops to the Turtle Mountain Indian reservation in North Dakota, to assist the government commission there to carry out their instructions. It is reported that the reservation is mixed with hostile Indians, and that the agency rolls because they were foreigners, now make open threats that they will prevent any course of action that does not include them in the deliberations. The troops will remain as long as it is necessary to keep peace, allow free expression of opinion, subdue improper influence and facilitate business.

Another Apportionment.

Madison, Wis., Oct. 3.—It is settled that an extra session will be called October 11 or 12 to enact another apportionment law. Secretary of State Cunningham says that is the program, and that the mandate of the court is supreme so far as he is concerned. The governor has not yet returned, but the proclamation will not be issued till after the supreme court has filed its opinion.

Jumped His Job.

HENRINGTON, W. Va., Oct. 3.—Gen. James H. Field of Virginia, the people's party candidate for the presidency, who was billed to speak here tonight at the wigwag on the political issues, failed to arrive. The people's party managers cannot reach him and do not know what has become of him. His failure to come disappointed an immense crowd.

He has decided to spend his entire life until election day in the state, and has been to the republican committees in New York and Nebraska declining to speak in their states.

Knocked It Out.

FAIRBANKS, Minn., Oct. 3.—An exciting school election has just occurred here. The Fairbank plan was, of course, the leading issue. The old board, which favored the scheme, was defeated by 200 majority in 1,000 votes.

About 250 boats at the Washington monument will be reserved for the G. A. R. veterans who cannot parade. A letter from the Spanish consul says the Infanta Yecla will represent Spain. She will be assigned a place in the post of honor. Fifteen German societies, numbering over 5,000 men, will participate in the military parade. Brigadier-General Louis Fitzgerald has been assigned the members of the old guard to act as guard of honor to President Hiram. Governor Pattison of Pennsylvania and his staff have accepted the committee's invitation to be present.

MINNEAPOLIS, Minn., Oct. 3.—A terrible accident occurred this evening on the Northern Pacific road one mile west of Northtown. The passenger train of the Dakota express telegraphed a freight train. Fireman Y. Bunde met a horrible death by being caught between the engine and tender, the body being completely cut in two. The fireman of the freight train was killed, and a dozen or more seriously injured.

TWOTOWNSATWAR

Over the Removal of the County Seat.

SEVERAL SHOTS EXCHANGED

But No One Killed as Yet—Troops Are Called Out and Are Ready to March.

OSHAHA, Oct. 3.—A county seat war is now in progress at Culbertson, Hitchcock county. An injunction was issued Friday by the supreme court to restrain the county officials from removing the county records from Culbertson. The county treasurer and clerks disregarded the order and proceeded to remove the records of their offices, but were stopped by the citizens before many records were taken. At night a mob attempted to steal the records on a wagon, when the citizens again defeated their object. Sunday a posse of citizens of Trenton, led by the county treasurer and deputy clerk, again made a raid on the court house and succeeded in loading a portion of the records on a wagon, when the citizens again interfered and a number of shots were fired. The Trenton posse retreated. The sheriff telegraphed the governor for state militia to quell the disturbance.

Respond to the Call for Troops.

Governor Boyd is out of the state and Secretary Morrissey wired Acting Governor T. Morris and asked him to come to Lincoln. General Viqum has made arrangements to put the militia in the field at once, but no word has been received from Lieutenant Governor Morrissey. It is understood that a collision between the rival factions took place today at Oshaha, but that no one was killed, although shots were exchanged.

Private Secretary Morrissey succeeded in reaching acting Governor Morris tonight and explained by telegraph the trouble at Culbertson. Governor Morrissey at once ordered Adjutant-General Viqum to the scene of the trouble. General Viqum, who is the fourth district democratic candidate for congress, was addressing a meeting at Exeter when Governor Morrissey's order reached him. He explained the situation to his auditors, and at once left for the scene of the trouble. Governor Morris cannot reach here before 1 a. m. tomorrow. Secretary Morrissey and Attorney General Hastings are in consultation at the state house. Mr. Morrissey, who has orders to go to the scene of the trouble, necessary to preserve the peace, says the militia will go tomorrow unless the situation changes tonight.

Doing County Business in Both Towns.

Culbertson people say Sheriff Dennis has sided with Trenton and demand the militia. The militia companies of Beatrice, Kearney, Omaha and Lincoln are at their armories tonight ready to move at a moment's notice. In addition to this the Omaha garrison section is in readiness to move. General Viqum will reach Culbertson about 6 in the morning and will then advise the troops. The Trenton people say the injunction of the supreme court restraining the removal of the records from Culbertson was never served on the county officials. This in turn is denied by Culbertson officials, eight of whom make affidavit that they heard the order read to Treasurer Benjamin Trenton. Trenton people say that the records alleged to have been taken last night were Treasurer Benjamin's private property, which he had a right to take. But citizens of Culbertson say he took the records of the office. At any rate, half the county officials are doing business in both towns.

Member of a Suicide Club Shifts Off As Per Obligation.

KEPT HIS OATH.

New York, Oct. 3.—The suicide of J. B. Morehead turns out to be a rather sensational one. A letter addressed to the coroner was opened by that official, who was somewhat staggered at its contents. Here is the letter:

1:45 p. m. Oct. 3.—Coroner of New York city: Dear sir: I have committed suicide as per oath. Please give verdict to suit effect and oblige. (signed.) J. B. MOREHEAD.

The coroner began probing into the matter and learned that Lester Lennon, an actor, could probably explain the curious episode he had received. Lennon was summoned and told the coroner that there was a suicide club in the city. Morehead, he said, was a member and he also belonged to it. He said that was the reason Morehead shot himself, and added that the dead man was compelled to do it. In speaking of the workings of the club, Lennon said: "Each member on joining is compelled to fix the date at which they are to take their own life. Morehead's hour had arrived by a special rule of the club. He was offered a ten-year parole, but he refused to accept, being determined to keep his agreement."

Bold Bank Robbers.

ERIE, Pa., Oct. 3.—A bold robbery was attempted this noon at the Keystone National bank. While Treasurer Frank Kepner was standing up the cash four young men entered the bank, and before he was aware of their presence he and Bookkeeper Charles Liebel were covered by revolvers, which peered in upon them from every window of the bank inclosure. The robbers cried "Hands up!" but Kepner undertook to drop behind the counter, and one of the robbers fired and hit him in the face, inflicting a very dangerous wound. They then beat a retreat.

MEET HIM IN STYLE

Ireland's New Lord Lieutenant Visits His Charge.

GREETED WITH A WELCOME

By the Large Crowds and Carried in State to the Castle—News of the Old World.

LONDON, Oct. 3.—Lord Houghton, the new lord lieutenant of Ireland, and his party were landed at Kingstown, seven miles southeast of Dublin, by a special steamer this morning. In the harbor, dressed and saluted; otherwise there was no demonstration. One reason may have been that the lord lieutenant arrived an hour earlier than was expected. The party proceeded immediately in a special train to Dublin.

A large crowd awaited Lord Houghton and his party at the railway station in Dublin. He was accompanied, as is customary, from the railway station to Dublin Castle by a large body of officials, who observed the usual ceremony of reception. The route was lined with dense crowds who frequently cheered the lord lieutenant. The weather was fine. No incident of the slightest significance occurred.

FIRST SPANISH GENERAL.

HISTORY OF FATHER MARTIN, S. J., the New General.

PHILADELPHIA, Oct. 2.—Father John Schully, of old St. Joseph's church in this city, one of the best known members of the Jesuit order in Philadelphia today, said that Father Martin, who has been elected general of the society of Jesus by the order, is a native of Spain. He is the youngest member ever chosen to the office with the exception of one of the earlier generals who succeeded to the office when but 25 years old. Father Martin is 44 years of age. Continuing Father Schully said: "Father John Schully is a descendant of the Martins, who were well known as members of this parish a century ago. They removed to France and a subsequent generation settled in Spain. If Father Martin has been officially chosen he will be the first Spanish general we have had since the final restoration of the Jesuits by Pope Pius VII in 1864 in his special brief. For years Father Martin has been distinguished among us, and at the preparatory seminaries in Spain he displayed general excellence in his studies. Not long after his ordination his name became well known all over Europe through his poetry, written in Spanish and Latin. In natural sciences he has particularly excelled, and his treatises have been the authority of standard works in their respective departments. The late general before him was a Jesuit. Father Beck was a Belgian. Father Rothman a Dutchman. Father Villiger of Philadelphia may be chosen on his staff."

ON A "PEACE FOOTING."

Ninety-five Thousand Men to be Added to the German Army.

BERLIN, Oct. 3.—The national Zeitung, states positively that the new army bill will add 95,000 men to the German army on a peace footing. The additional annual expense necessary, stated by the provisions of the bill, says the paper, will be sixty million marks while eighty million marks will be asked to meet special expenditures for army reforms in 1893-94. Should the bill become a law, Germany would have in twenty years an available force of more than 4,000,000 trained soldiers or about the same number that France has, although the French army, on a war footing, is some 350,000 men stronger than the German army. Military authorities in this city believe that such an increase of the army's numerical strength is a necessary consequence of the present understanding between France and Russia. These two countries could put as many soldiers in the field as can the three powers of the triple alliance and the trust of their attack would undoubtedly have to be borne by Germany.

BRIGGS CASE POSTPONED.

NEW YORK, Oct. 3.—The annual meeting of the New York presbytery was begun at 10 o'clock at the Scotch Presbyterian church. There was a full attendance in view of the fact that at some time during the session the famous Dr. Briggs case is to be reopened and in accordance with the orders of the general assembly some action taken in the matter. When the Presbytery reassembled after recess routine business occupied its attention for some time. This completed, the general assembly for a new trial of the Rev. Charles F. Briggs of the New York Presbytery was called. At the close of the reading the Rev. G. W. Birch, chairman of the prosecuting committee, said that his committee was ready to proceed with the trial. The Rev. Charles L. Thompson moved that the Presbytery make order now to take up the case of Professor Briggs on November 9 and at each ensuing day from 2 till 5 in the afternoon, Saturday and Sunday excepted, until the case is ended. The question on this motion was put and the date of the beginning of the trial was set for July 8. There was considerable discussion as to whether or not the trial would be a public one. Dr. Briggs insisted on a public trial. It was finally decided to admit the public, with the proviso that the Presbytery might clear the galleries when deemed advisable. The Briggs and conservative factions are greatly represented among the delegates. The Presbytery, after the announcement of the delegates, adjourned till Nov. 4.
